

MOVE IN/OUT INFORMATION SCHEDULE

Welcome to Centuria Urban Village!

Bookings are set up in 4 hour blocks either the morning or afternoon. They are usually from 8:00 am - noon or noon till 4:00 pm. All moves are done from the rear of the building off Lawson Avenue. There is a large loading area where the moving van can park. Garbage is taken out Tuesday and Friday mornings through the large overhead door. On these days it's important not to park in the center loading area. Please park on one side or the other so bins can be wheeled past the van to be emptied.

On any move in or move out we provide security at the rear door, so we do not allow people into the building who are not residents. The elevator MR (Main Rear) will be locked out for your move. This elevator will be designated for your use only which will speed up your move time.

A move in fee of \$200 Monday to Friday and \$250 Saturday & Sunday will be collected by Coldwell Banker along with your strata fees. If you are renting, you may need to reimburse your landlord. There is no fee for a move out.

Please be advised that there is a load limit of 50,000 lbs on our parking deck so tandem trucks with large trailers are not allowed and must be off loaded from the street.

When you finalize the move in/out day let the Building Manager know and he will reserve a block that works best for you. Always book at least 2 weeks in advance of your move date. You can always check the Move In/Out Schedule as it is posted by the rear elevator exit on the main floor.
